

PC Support Specialist

Diploma • 45 Weeks

Program Objective

This program prepares students to deal with the problems they may encounter when supporting personal computers in an office environment. The program provides in-depth knowledge of both computer hardware and software and prepares students to take the CompTIA A+, Network+, and Server+ certification examinations. Students will gain practical, hands-on experience in troubleshooting computer problems and assembling a computer.

Successful students may choose to progress to advanced qualifications, such as MCSA.

Program Notes

Tuition fees include student manuals and all other course materials. Financial assistance may be available for those who qualify.

Graduation requirements: Students must achieve a 75% average to obtain a diploma.

Career Opportunities

Skilled PC Support Specialists are in high demand in today's skilled environment. Virtually all organizations with multiple computers require the skills of PC Support Specialists who can become invaluable members of a management team.

Duties and Responsibilities

- Providing technical support to end users within small-to medium-sized offices
